Geography Curriculum Long Term Coverage

Progression map	
Locational knowledge	<p>Year 1: pupils will:</p> <ul style="list-style-type: none">• Name and locate the four countries making up the British Isles, with their capital cities• Name the surrounding seas of the United Kingdom• Talk about the main features of each of the four countries that make up the United Kingdom <p>Year 2: pupils will:</p> <ul style="list-style-type: none">• Locate and name the continents on a World Map• Locate and label the five oceans• Name, locate and identify the characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas
Place knowledge	<p>Year 1: pupils will:</p> <ul style="list-style-type: none">• Recognise similarities and differences of geographical features in my own immediate environment• Talk about people and places within my local environment• Compare Hanborough with a contrasting place in the UK• Talk about people and places beyond my local environment• Identify the key features of a location in order to say whether it is a city, town, village, coastal or rural area <p>Year 2: pupils will:</p> <ul style="list-style-type: none">• Compare a local City/town in England with a contrasting city in a different country (Hanborough/Oxford/Kenya/somewhere in the Arctic Circle)• Identify the key features of a location in order to say whether it is a city, town, village, coastal or rural area?

Geography Curriculum Long Term Coverage

Human & Physical Geography	<p>Year 1: pupils will:</p> <ul style="list-style-type: none">• Compare and contrast the human and physical features of two British localities, including how the use of land differs in each locality (Comparing and Contrasting a village with the seaside)• Talk about weather in the UK, what happens in different seasons and how weather changes on a daily basis• Identify land use around the school• Use geographical vocabulary such as beach, coast, forest, hill, mountain, sea, river, weather, city, town, village, factory, farm, house, office shop to refer to the physical and human features of places studied? <p>Year 2: pupils will:</p> <ul style="list-style-type: none">• Ask and answer geographical questions such as: What is this place like? What or who will I see in this place? What do people do in this place?• Talk about hot and cold parts of the world, discussing in relation to the equator and the North/South Poles• Compare and contrast the human and physical features of a British locality with a non-European locality, including land use differences• Use geographical vocabulary such as beach, coast, forest, hill, mountain, ocean, river, soil, valley, vegetation, season, weather, city, town, village, factory, farm, house, office, shop, port and harbour to refer to the physical and human features of places studied
Geographical skills and fieldwork	<p>Year 1: pupils will:</p> <ul style="list-style-type: none">• Use maps, atlases, globes and digital/computer mapping (Google Earth) to locate countries and cities• Use aerial images to recognise landmarks and basic physical features• Use simple fieldwork to observe, measure and record the human and physical features in the local area• Use a simple key to recognise physical or human features on a map• Create a simple map of my local environment <p>Year 2: pupils will:</p> <ul style="list-style-type: none">• Use maps, atlases, globes and digital/computer mapping (Google Earth) to locate countries and describe features studied• Learn and use the four points of a compass to describe the location of features on a map• Use locational and directional language such as: near, far, left, right to describe the location of features on a map• Use aerial images and plan perspectives to recognise landmarks and basic physical features• Devise a simple map, and use and construct basic symbols in a key• Use simple grid references (A1, B1)• Use fieldwork to observe, measure and record the human and physical features in the local area

Geography Curriculum Long Term Coverage

Year 3 & 4		Autumn	Spring	Summer
Cycle A		Jungle Fever! 	Field to Fork, Bean to Bar 	<i>History topic Raiders and Invaders</i>
National Curriculum Statement		<p>Locational knowledge: locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities; geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time; identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night)</p> <p>Geographical skills and fieldwork: use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied; use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world</p>	<p>Locational knowledge: name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time</p> <p>Human and physical geography: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water</p> <p>Geographical skills and fieldwork: use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied; use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world</p>	
Trips/Visitors		Botanical Gardens	Cadbury World	
Cycle B		<i>History topic Stones and Bones</i>	Extreme earth 	<i>History topic The Ruthless Romans</i>

Geography Curriculum Long Term Coverage

National Curriculum Statement		<p>Locational knowledge: locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities</p> <p>Human and physical geography: describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle</p> <p>Place knowledge: understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America</p> <p>Geographical skills and fieldwork: use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied; use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world</p>

Geography Curriculum Long Term Coverage

Locational knowledge	<p>Year 5: pupils will:</p> <ul style="list-style-type: none">• Name and locate some of the countries and cities of the world and their identifying human and physical characteristics, including hills, mountains, rivers, key topographical features and land-use patterns; and understand how some of these aspects have changed over time?• Name and locate the countries of South and Central America• Identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night)? <p>Year 6: pupils will:</p> <ul style="list-style-type: none">• Name and locate some of the countries and cities of the world and their identifying human and physical characteristics, including hills, mountains, rivers, key topographical features and land-use patterns; and understand how some of these aspects have changed over time?• Name and locate the countries of North, South and Central America and some important cities?• Identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night)?
Place knowledge	<p>Year 5: pupils will:</p> <ul style="list-style-type: none">• Understand some of the reasons for geographical similarities and differences between countries• Explain how locations around the world are changing and explain some of the reasons for change• Begin to understand and explain geographical diversity across the world <p>Year 6: pupils will:</p> <ul style="list-style-type: none">• Explain and discuss a range of reasons for geographical similarities and differences between countries• Explain how locations around the world are changing and explain some of the reasons for change• Describe geographical diversity across the world

Geography Curriculum Long Term Coverage

Human & Physical Geography

Year 5: pupils will:

- Begin to collect and analyse statistics and other information in order to draw clear conclusions about locations
- Begin to identify and describe how the physical features affect the human activity within a location
- Identify and describe the main human and physical characteristics of South and Central America
- Begin to understand and explain how countries and geographical regions are interconnected and interdependent
- Name and locate some of the countries and cities of the world and their identifying human and physical characteristics and understand how some of these aspects have changed over time
- Describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle
- Describe and understand key aspects of human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water

Year 6: pupils will:

- Collect and analyse statistics and other information in order to draw clear conclusions about locations
- Identify and describe how the physical features affect the human activity within a location
- Identify and describe the main human and physical characteristics of North, Central and South America
- Explain how countries and geographical regions are interconnected and interdependent
- Name and locate some of the countries and cities of the world and their identifying human and physical characteristics and understand how some of these aspects have changed over time?
- Describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle?
- Describe and understand key aspects of human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water

Geography Curriculum Long Term Coverage

Geographical skills and fieldwork

Year 5: pupils will:

- Use a few geographical resources to give descriptions and opinions of the characteristic features of a location
- Use different types of fieldwork (random and systematic) to observe, measure and record the human and physical features in the local area
- Record the results in different ways
- Talk about the effectiveness of different geographical representations of a location (such as aerial images compared with maps and topological maps – as in London’s Tube map)
- Use the eight points of a compass, four to six-figure grid references, symbols and keys (including the use of Ordnance Survey maps) to build my knowledge of the United Kingdom and the wider world
- Create maps of locations, identifying patterns such as: land use, climate zones, population densities and height of land

Year 6: pupils will:

- Use a range of geographical resources with ease to give detailed descriptions and opinions of the characteristic features of a location
- Use different types of fieldwork (random and systematic) to observe, measure and record the human and physical features in the local area
- Record the results in a range of ways
- Analyse and give views on the effectiveness of different geographical representations of a location (such as aerial images compared with maps and topological maps – as in London’s Tube map)
- Use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build my knowledge of the United Kingdom and the wider world
- Can I create maps of locations, identifying patterns such as: land use, climate zones, population densities and height of land?
